

EUROPEAN PRM School Vilnius
English Programme (Preliminary)
VILNIUS 1-4-MAY 2018– RADISSON BLUE HOTEL LIETUVA

TUESDAY 1ST MAY

ZETA HALL **OPENING CEREMONY**
8.30 – 9.30

ZETA HALL **SPECIAL SESSION – European School Marseille on Motor Disabilities – Part 1**

13.00 – 16.00

Jean Michel VITON

Chairpersons: A.DELARQUE, M.G.CERAVOLO, J.M.VITON, P.A.JOSEPH

1.Laurent BENSOUSSAN: Changes in postural control in hemiplegic patients after stroke performing a dual task

2.Alain YELNIK: Balance rehabilitation after stroke, beyond the only motor deficiencies

3.Dominic PÉRENNOU: Weight bearing asymmetry in erect stance after stroke: a window on spatial cognition

4. Isabelle BONAN: Postural asymmetry after stroke : physiopathology and treatment

5.Thierry LEJEUNE: Stiff knee gait after stroke : Assessment using movement analysis and treatment

6.André THEVENON: Extended venous malformation and PRM

7.Nikos BAROTISIS: Educational activities of the UEMS PRM Board (publications, e-learning, the online course)

ZETA HALL **SPECIAL SESSION – European School Marseille on Motor Disabilities – Part 2**

16.00 – 20.00

Jean Michel VITON

Chairpersons: L.BENSOUSSAN, R.BUSCHBACHER, A.JUOCEVICIUS, N.BAROTISIS

1.Ralph BUSCHBACHER: EMG in PRM

2.Jorge LAINS: Guidelines and gaps on spasticity treatment regarding comprehensive patient management

3.Maria Gabriella CERAVOLO: Perspectives of using not invasive brain stimulation in people with Parkinson's disease

4.Rolf FRISCHKNECHT: When evaluating functional independence, do nurses and occupational therapists see the same?

5.Jean Michel VITON: Long term follow up of persons with stroke

6.Pierre DENYS: Botulinum toxin in neuro-urology what's new?

7.Pascal GIRAUX: Motor simulation and visuomotor training in rehabilitation: the model of phantom limb

8.Discussions

20.00-21.00 **GET TOGETHER PARTY**

WEDNESDAY 2ND MAY

ZETA HALL

SPECIAL SESSION: International Teaching Programme (ITP)

Chairpersons: Olivier REMY-NERIS, Djamel BENSMAIL, Sophie JACQUIN-COURTOIS

8.30 – 12.30

08.30-09.15 Djamel BENSMAIL: Global assessment, management and follow-up of patients with multiple sclerosis in a PRM department

09.15-10.00 Sophie JACQUIN-COURTOIS: Impact of fatigue and cognitive impairment. Effect of cognitive rehabilitation

10.00-10.45 Charles JOUSSAIN/Pierre DENYS: Neurogenic bladder and sexual impairment management

10.45-11.15 H el ene PRIGENT: Respiratory and sleep impairment management

11.15-11.45 Djamel BENSMAIL: Spasticity and neuro-orthopedic management

11.45-12:30 TBC

TETA HALL

SPECIAL SESSION – EMRSS Syracuse: Let’s write a manuscript

Part I – Theory session

Chairpersons: Maria Gabriella CERAVOLO; Franco FRANCHIGNON

13.00 – 17.00

1. Mauro ZAMPOLINI: Preliminary steps

2. Franco FRANCHIGNONI: Methodology: the hardest job

3. Levent OZCAKAR: The art of reporting

4. Maria Gabriella CERAVOLO: Interpreting findings

5. Discussions

Part II: Interactive session

Chairpersons: Maria Gabriella CERAVOLO; Franco FRANCHIGNONI

Reading and discussing scientific articles on functional prognosis and rehabilitation efficacy

THURSDAY 3rd MAY

(SELECTION OF LECTURES INCLUDED IN THE EUROPEAN TEACHING PROGRAMME)

ALFA HALL	Joint Session ISPRM – ESPRM – SOFMER – RBSPRM – LSPRM Part 1
8:30 – 9:00	Katharina STIBRANT SUNNERHAGEN Stroke and PRM
GAMMA HALL	UEMS-PRM Section and Board Sessions- Professional Practice Part I
8:30 – 9:00	Enrique VARELA DONOSO, Nicolas CHRISTODOULOU The PPC work in order to define the role of PRM physicians in Europe. The EBPPs
ZETA HALL	Persons with Musculoskeletal Disorders (SISC)
10:06 – 10:30	Nikolaos BAROTSIS: Osteoarthritis related Myofascial Pain Syndrome: the ESWT approach
ALFA HALL	Persons with Stroke (SISC)-Part II (within Joint Session ISPRM – ESPRM – SOFMER – RBSPRM – LSPRM Part 2)
11:00-11:30	Marco FRANCESCHINI Robotics and gait rehab
11:30-12:00	Thierry LEJEUNE Robotics and upper limb rehab
GAMMA HALL	UEMS-PRM Section and Board Sessions - Professional Practice Part II
11:00-11:20	Stefano NEGRINI PRM practice for people with spinal deformities during growth
ETA HALL.	UEMS PRM Board session – 25th Board exam anniversary
11:00 – 13:00	Past, present and future of PRM Board examination
ZETA HALL	Spasticity (SISC) – Part I
14:30-15:00	Mauro ZAMPOLINI Mechanisms of spasticity – what is necessary to know in aim to treat it
ETA HALL	Advances in extracorporeal shock wave therapy(SISC) session
14:30-15:00	Elena ILIEVA Advances in extracorporeal shock wave therapy
ALFA HALL	Presidents and Editors-in-Chief Session. Research in Rehabilitation –Part 1
14:30-16:30	Maria Gabriella CERAVOLO, Nikolaos BAROTSIS- Board Awards winners Enrique VARELA DONOSO, Henk STAM, Thierry LEJEUNE TESC: Presentation of the best Contestants MRT 180 - Presentations of 3 winners Xanthi MICHAIL - European Academy Rehabilitation Medicine prize
ALFA HALL	Presidents and Editors-in-Chief Session. Research in Rehabilitation –Part 2
18.00-19.00	Alain DELARQUE White Book of PRM in Europe. Chapter 10 – Science and research in PRM: specificities and challenges

FRIDAY 4th MAY

(SELECTION OF LECTURES INCLUDED IN THE EUROPEAN TEACHING PROGRAMME)

- ALFA HALL**
8:30 – 9:10
Persons with Parkinson Disease (SISC)
Maria Gabriella CERAVOLO
Rehabilitation needs and potential for motor (re)-learning in people with Parkinson's disease
- EPSILON HALL**
8:30 – 9:10
Children rehabilitation part I
Sylvain BROCHARD
Upper-Limb evaluation and intervention in children with cerebral palsy: state of the evidence
- TETA HALL**
8:30 – 9:10
Poliomyelitis Post-polio syndrome – what's new?
Frans NOLLET:
Poliomyelitis and post-polio – state of the art
- ZETA HALL**
8:30 – 9:30
Sports Affairs (SISC) Part 1
Jean-François KAUX,
Platelet-rich plasma (PRP) versus hyaluronic acid injections to treat patellar tendinopathies
- ALFA HALL**
11:00 – 11:30
Persons with TBI(SISC)
Carolina COLOMER:
Disorder of consciousness, what every PRM should know? A review of state of the art, the clinical evaluation and assessment, treatment and prognosis
- ZETA HALL**
14:00 – 14:30
Persons with Multiple Sclerosis (SISC)
Mauro Zampolini
Introduction to MS Rehabilitation
- ZETA HALL**
18:00-18:30
COCHRANE REHABILITATION
Antti MALMIVAARA:
Methodological issues in rehabilitation research
